

STALLION RESERVATION AND AGREEMENT FOR TRANSPORTED SEMEN DELIVERY

READ CAREFULLY

I hear by confirm my reservation to the stallion Marc Of Charm. Registration # 117901 during the breeding season from March 1st to August 1st, 2025, if said stallion is alive, fit to breed and standing at our farm. NO MARE WILL BE SERVED AFTER August 1st, 2025. I understand and accept the following terms. A veterinary certificate and current uterine culture (taken when the mare is in heat and submitted to a recognized laboratory) showing the mare to be in sound breeding condition and free of infection is a condition of the service. If current uterine culture is not provided I understand one will be performed before breeding services will be provided. All fees, charges and transporting costs must be paid before the delivery of semen. **A stud fee of \$4,000 plus 6% KY sales tax if the mare is a resident of the state of Kentucky, made payable to Riverdreams LLC., is due before the delivery of the semen.** If the mare owner utilizes embryo transfer and such process results in multiple live foals, the mare owner shall owe additional stallion service fees equal to the number of additional live foals born.

1. A non-refundable booking fee of **\$250** must be returned with this contract. The booking fee is not included in the stud fee.
2. All requests for semen shipments shall be filled as received, subject to availability of semen. If there is insufficient semen to fill all orders on a given day, Monnington Farm will determine which orders will be honored. This decision will be based on information provided by the mare owner's veterinarian. Monnington Farm is not responsible for lost, delayed or otherwise damaged semen and makes no representations or warranties of any kind except that it is the semen of the named stallion, and that it was viable when it left Monnington Farm. Each collection and shipment of semen will cost **\$450** or **\$225** if picked up at Monnington Farm. **NO** Sunday shipments available.
3. I understand I have the option of return service if the mare is examined by a licensed veterinarian and found to be barren at 55 days from the date of the last service. If for any reason the mare is determined by a licensed veterinarian to be unable to conceive, I shall be able to substitute another mare. This privilege shall expire **TWO** years from the date of the first service to the mare named below.
4. Should the mare not produce a live foal that stands and sucks, I shall also be entitled to a return breeding within the same **two-year period** as stated above. This privilege shall apply only if the stallion manager/owner is notified by registered mail within 48 hours of the foal's death. A statement of details by a licensed veterinarian must follow within 10 days or the privilege becomes null and void.
5. I understand that any return privileges are conditioned upon my payment of the then current booking fee and all other normal charges (except the stud fee) and upon the stallion being alive, fit to breed and standing at Monnington Farm. I will not be due a refund of any fees paid after completion of the first service to the mare named below. No further services will be provided until all bills are paid in full. The proper venue for the resolution of any disputes under this agreement shall be Shelby County, Kentucky and the law of the Commonwealth of Kentucky shall govern the construction and interpretation of this agreement.
6. I understand that I shall assume responsibility for the condition of the mare and shall bear all risk of loss or damage to the mare whether by death, disease, injury, infection or otherwise, and by any cause whatsoever, and therefore agree to hold the stallion manager and/or owner (or any person employed by or associated with the stallion manager and/or owner) harmless for any and all damages associated therewith.
